

# Discussion Meeting

1-7-20

Present: Brent Lehman, Scott Miller, Becky Durnbaugh, Cindy Engle, Jaime Macklin, Kelly Roby

## Discussion Point 1: 7:30 Duty for Elementary Teachers

- Students in room before 7:30
- Can't use 7:30 time for Prep
- Teachers would like to be involved in decision-making process
- M/S teachers supervise once a week. Is that possible for Elementary?
- Late car riders causing breakfast to go until 8:10ish
- Breakfast trash in hallways all day.

Teachers feel that things are constantly being added to their plate.

- Feel mentally/physically tired because of all the extra duties/Supervision
- 7:30 time needed to mentally prepare for the day.

Are there other options?

Teachers have concern over speaking up due to fear over evaluations.

## Discussion Point 2: Lack of Guest Teachers

- Can't find a sub, so split students into other rooms is disruptive. Especially with the new Integrated Reading Program
- Students do not understand routines of other classrooms
- How do we find more subs?
- How do we fix the issue of teacher coverage?
