## BELLMONT HIGH SCHOOL SOFTBALL FIELD RENOVATION PROJECT

### buy a brick

The Belmont Softball program is excited to present the "Pitch In with Pavers" project. Businesses, families, students, staff and alumni have the opportunity to leave their legacy at the Belmont High School softball field.

With this project, the softball program is hoping to raise money to rebuild metal dugouts and reside the concession stand and press box. We plan to install a double batting cage and create some storage at the end of the concession stand that will benefit both the high school softball and baseball programs, and the youth players all summer.

Your pavers will be used to beautify the area surrounding our field.
